Custom Design

Let your imagination be your guide!

Building ideas from concept to finish

Custom commercial Christmas programs are our specialty. We staff the best minds in Christmas design and will create a look unique to your property from top to bottom, or enhance an existing design. Custom designs don't have to be expensive or difficult. We offer our design and consultation services gratis!

Signature Collections

A variety of the best themes

We have created several pre-designed collections with our most popular styles. These versatile styles can be used indoors or out, are affordable and durable. Our Signature Collections are a great start to develop your colors and themes.

Holly Leaf Collection

Create a contemporary look with our Holly Leaf Collection. Sculpted Metal Holly Leaves with gold details and shiny ornament berries update the traditional styled holly and create a fresh look from a classic favorite. Red and candy apple green ornaments compliment the designs with coordinated shimmering gold bows.

- All UL Approved Electrical Components
- "Spring Back" Self Shaping UV Treated Branches
- 10 Year Warranty
- Available with LED Mini-Lights or LED C7 Lights
- Patent No. 8,272,754

Patented Self-Shaping branches are shaped before packing and "spring back" into shape - right out of the box!

The result is a great looking tree that takes less time to set up and fluff!

30' Sequoia Frame Diagram

72' Sequoia Tree
Warm White LED Mini Lights
Custom Snowfall Topper

The Sequoia Tree Collection represents the next generation in giant Christmas Tree construction. The first tower tree to receive the RSE (Registered Structural Engineer) stamp of approval and making it the safest tree on the market. The Sequoia features self shaping branches that “spring back” to their original shape reducing fluffing time and ensuring your tree looks fantastic each year!

All Sequoias have two-tone UV treated foliage with premium tips that are double the industry standard. This tree comes pre-lit with warm white LED mini lights or LED C7 bulbs, providing an energy savings of up to 90% over traditional incandescent bulbs.

custom snowflake decor package

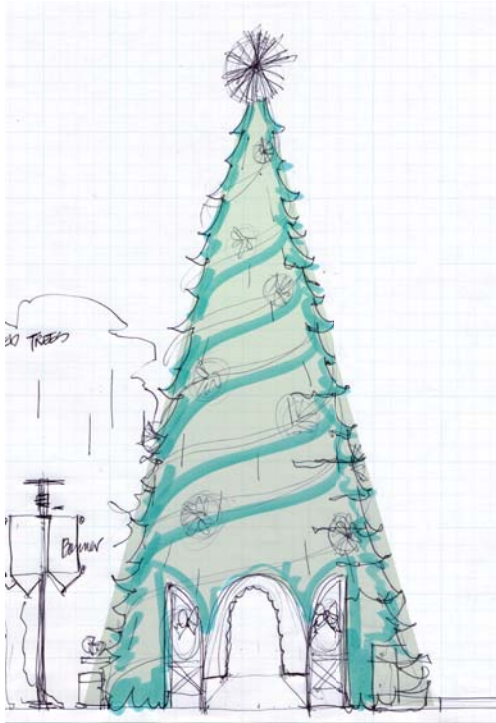

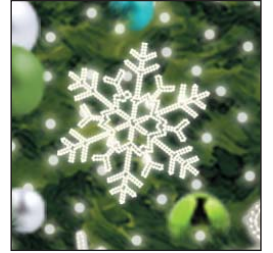

Walk-Through Tree

How we get from concept to reality...

Create a Wish List

1. Community Focal Point
2. Holiday lighting ceremony
3. Photo Op
4. Destination Decor

Every property has focal points that can be transformed during the holidays. Entrances, promenades, upper levels and court yards offer opportunities to decorate.

Discovering a focal point...

It was decided to develop a walk through tree to create an interactive decor element.

Choose decor

Contemporary colors:
Turquoise, Silver, and Apple Green

Select Accents

Cool white snowflakes to accent
the winter theme on a warm lit
walk-through tree

Add a special Tree Topper

Create a custom tree topper that
accents a one-of-a-kind tree

Strategically placed lighting along with an interactive experience can bring joy to the entire family. Start great customer buzz with well planned decor that will have customers returning time after time.

46' Sequoia Tree with
Animated RGB Lighting
& custom Snowfall Topper

Animated RGB Tree

New technology in RGB color changing lights offers a full spectrum of colors. Optional strobe lights add a twinkling effect to enhance the light show.

Musical Tree

Add an audio track that coordinates with your animated light show.

Light Changing Tree

Dazzle your guests with an animated show! Animated decor adds special effects to trees, wreaths and garland creating visual entertainment to any property.

Animated Decor

Add a dynamic touch to any decor

Animated lights appear to dance and change color in time with the music; creating a must see production that will keep people coming back!

Computer programmed solid state controllers can coordinate it all. A variety of 8 channel to 32 channel controllers as well as full capability DMX controllers are available.

(with 100 LED mini lights, 9.6 watts)	HFMFW36B2L	\$	229.00

A tall, dark green Christmas tree stands as the centerpiece in a brightly lit indoor space, likely a shopping mall. The tree is densely decorated with numerous gold and red ornaments, including large gold balls and smaller red and green baubles. Large, vibrant red bows with gold trim are tied at regular intervals around the tree's trunk. To the left of the tree, a large, realistic-looking palm tree is visible. In the background, a white wall features large, blue, three-dimensional letters that spell out 'FOREV'. The ceiling above is white with recessed lighting fixtures.

Ornament Clusters

Decorating your tree is easy with our ornament clusters. They add color during the day and are illuminated at night for that extra pop!

Image Projection System (IPS)

The Image Projection System illuminates large surfaces and brings them to life. Stainless steel gobo designs and custom glass slides will give your property a unique style. The rotating image of snowflakes projected on a flat wall or irregular architecture is an eye-stopper.

Outdoor Image Projection System (black)

Includes: 50 lb. 28" diameter base, 6' support pole, rotator unit, rain shield, attachment clamp, two stainless steel snowflake gobo disks, one 575-watt 120v bulb, 3-foot lead cord and a storage crate. (total weight 185 lbs.)

IPSSYSTEMX

\$ 2,995.00

Indoor Image Projection System (white)

Comparable brightness and 'light throw' to outdoor version with less heat making it suitable for indoor use.

150-watt, 12000 hr lamp life

IPSSYSTEM2X

\$ 3,955.00

White Indoor IPS

Watch a video
of the IPS
in action!

Alternate light pole mount can be substituted for a self supporting pole and base

Self Supporting Base

Prism Rotator

IPS Prism & Rotator with Speed Control
ACIPSPRISM05S \$ 995.00 each

- 5 faceted rotating prism lens
- Overlapping images create an enhanced depth to the original projection
- Animate the image with variable speed
- Create multi-colored images with additional gels

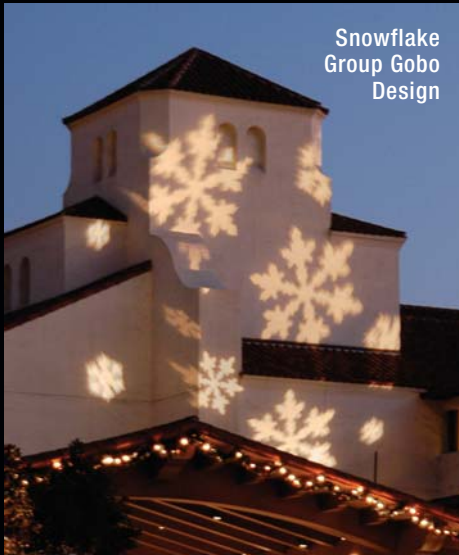

Multiply and enlarge your
projection with our
Prism Rotator!

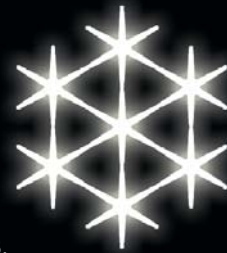

Stainless Steel Gobos

- Indoor and outdoor use
- Made from 50% thicker steel than industry average for longer life
- Custom designs available

LED Mini Lights

- LED lamp life estimated at 50,000 to 100,000 hours
- Wide angle LED lens spreads light for great 360 degree view
- 6 inch LED spacing for commercial decorating
- UL Listed, end-to-end
- UV resistant
- Water-tight, permanently sealed LEDs
- 3 year warranty

LED mini lights are available in a variety of bright colors and use nearly 90% less electricity than incandescent. State of the art design includes wide angle lenses that disperse light better than ever before. Switch over to LED Mini Lights this season.

Incandescent Mini Lights

Available in a wide array of colors, perfect for tree lighting, wreaths, garland or other decor.

Incandescent Mini Lights

Solid colors

Clear, Blue, Gold, Green, Pink, Purple, Red, Teal, Frost, and Chartreuse
(25' length, 6" spacing, 25 watts, 50 bulbs, end-to-end plugs)

\$ 6.75 / strand

Also available in:

(50' length, 6" spacing, 50 watts, 100 bulbs, end-to-end plugs)

\$ 6.75 / strand

Featuring super bright illumination with a long-life lamp rating of 3,000 hours. Mini Lights are perfect for stunning tree light designs. Mini Lights are not only water resistant, they feature locking sockets and long-life bulbs, so if one bulb is loose or burns out, the rest of the strand stays lit!

Our long-life bulbs outlast regular incandescent mini lights!

LED C7 & C9 Lights

Our LED C7 and C9 Lights are much brighter and bolder with the most consistent color spectrum in the industry!

LED C7 and C9 lighting is commonly used for perimeter lighting, trees and rooftop displays!

With a built-in patented rectifier, unwanted flickering is eliminated and the truest color possible delivered. Energy efficient, long-lasting and virtually maintenance free - these bulbs make it easier than ever to light up buildings, trees and displays. Our Warm White LEDs rival the look of clear incandescent lighting.

LED Ropelight

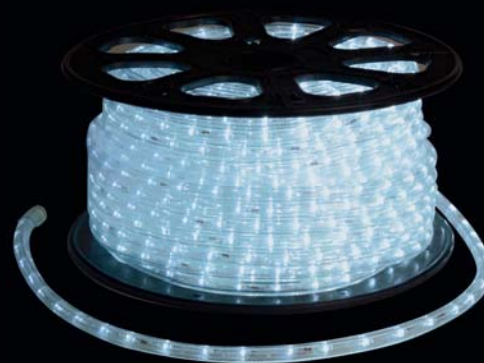

Our LED Ropelight is the highest quality, designed for professional use in both indoor and outdoor applications.

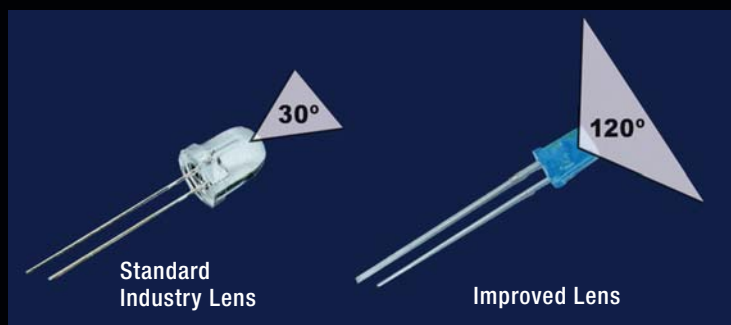

A. B. C. D.

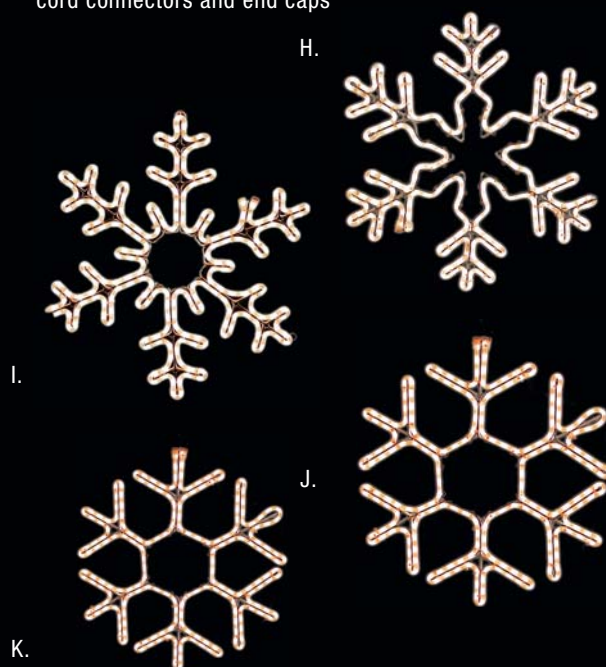

E. F. G.

- All rolls are 150 foot lengths
- Can cut every 32.75 inches (cut only on the scissor marks on the ropelight)
- Save up to 20% when you purchase a full roll
- Up to 50,000 hour bulb life; if one LED fails, the others remain lit
- Connect up to 300 feet on one power cord
- Uses approximately 0.8 watts per foot
- Each roll includes 3 sets of 6 foot power cords, power cord connectors and end caps

Our LED Ropelight is made with more resistors per circuit in order to achieve the best performance and reliability possible. In addition, our LEDs are designed with lenses that diffuse the light up to 120 degrees. Most LEDs only offer a 30-degree diffusion. The increased diffusion of our LEDs spreads the light across a wider angle, which makes them brighter and more visible from all angles.

Warranty Information

Warranty

We warrant to the original buyer that all of our displays and accessories will be free from manufacturer's defects. Under normal conditions of use and service, this protection is extended for six (6) seasons on all steel frames, five (5) seasons on garland, three (3) seasons on electrical wiring, and one (1) season on all computerized lighting modules. This warranty does not apply to light bulbs or light strands. Pole Mount displays are designed to withstand up to 40 mph winds with no ice load. Obligation under this warranty is limited to repairing or replacing any part that is found to be defective.

LED Light strands have a warranty for three (3) 60 day seasons or 25,000 hours, whichever comes first. Simply ship the product to us and we will replace the LED Light strand free of charge.

Frame Trees are covered by a ten (10) year warranty against defect under normal conditions and use.

All items not specifically listed are covered by a one (1) season (60 day) warranty.

Under this warranty, the company's obligation to repair or replace is on a non pro-rated basis.

Labor to install and the cost of shipping are not included in this warranty and are in lieu of all other warranties expressed or implied. Bulb burnouts or electrical damage caused by the buyer or weather elements, or damage caused by rough handling in transit are not covered by this warranty. Therefore, units should be inspected and tested for bulb outage upon delivery and prior to installation. All merchandise is carefully inspected prior to packaging, in an approved manner, in suitable cartons when it leaves our warehouse.

For the purposes of this warranty, one (1) season is defined as one installation and removal for a duration lasting no more than 60 days.

Return Policy

Any returned products under the following conditions will result in a 20% restocking fee and the customer will incur the freight charges:

- Customer ordered incorrect product
- Never opened or used product for its intended purpose

No merchandise returns will be accepted without prior written authorization. Return requests will be accepted for credit if submitted and approved within 30 days of receipt of product

Acceptance of Merchandise

All claims of merchandise delayed, lost or damaged in transit are the responsibility of the consignee/customer. When accepting shipment, claims of any missing cartons or visible damage must be noted on delivery driver's bill of lading or the receipt of delivery. All claims must be filed with the delivering carrier. Failure to properly file claims may result in refusal of the claim by the carrier.

Our printer is certified by the Forest Stewardship Council (FSC) and the Sustainable Forestry Initiative (SFI). All inks are Soy Seal approved. Our printer meets or exceeds all federal Resource Conservation Recovery (RCRA) Standards.
